

Mai Houa's
Jobs and
Activites

- My name is Mai Houa. I am a senior in High School. I have had a couple of jobs and I have learned about different jobs. I like sports. I am on my two sports teams at school. I like to hang out with my friends, go shopping and be outside.

Children's Palace

My first job was at a daycare. Some of the jobs I did were helping with lunch time, cleaning up, helping with nap time and playing with the kids.

I liked working with the kids. I liked reading to them and playing with them. Sometimes it was hard when the kids wouldn't listen to me.

Feature's

Now, I work at a restaurant called Features. At work I do food prep. Some of the thing I do are frying taco shells, weighing meat, making garlic bread and cleaning and wrapping potatoes.

I like working at Features. I like working with food and I like the people I work with.

TJ Maxx

I go to TJ Maxx to learn job skills. I hang clothes, check tags, and put things in the right spots. I like going to TJ Maxx. I would like to work there someday.

ASL and Special Olympics

I am on the Adapted Sports League at my school. We play soccer, hockey and baseball. I am also on my school's Special Olympics team. We do bowling and track. My ASL team got first place in our tournament!

Washington D.C.

- When I was a sophomore, I went to Washington D.C. We saw lots of cool things. I also got to speak in Senate Chambers about students with disabilities working.

- In April, I am going to Disney World with my choir class! I am excited. We will be doing a singing workshop and lots of fun!
