

# WISCONSIN YOUTH HEALTH TRANSITION INITIATIVE

## 2015 Activities

The Wisconsin YHT Initiative exists to support health care providers and organizations that are moving youth-to-adult health transition forward within their own systems. The YHT Initiative works in partnership with other Maternal Child Health initiatives to strengthen youth-to-adult health transition care and services in Wisconsin.

- **Transition Learning Community:** a statewide network of providers that comes together virtually for quarterly webinars/conference calls to network, learn together, and share best practices around transition.

### Webinars:

- March 5, 12:00-1:00
- June 4, 12:00-1:00
- September 10, 12:00-1:00

Visit [www.healthtransitionwi.org/learning-community.htm](http://www.healthtransitionwi.org/learning-community.htm) or email [kfjones@wisc.edu](mailto:kfjones@wisc.edu) for more information on webinars

- **Health Transition Wisconsin:** a website with transition resources for providers, partners, and youth and families [www.healthtransitionwi.org/](http://www.healthtransitionwi.org/)
- **Quality Improvement Grants** for medical practices: 2015 grant teams are in Madison, Milwaukee, and Marshfield/Chippewa Falls

### Collaborators:

- Wisconsin Title V, Children and Youth with Special Health Care Needs Program
- Waisman Center—University Center for Excellence in Developmental Disabilities
- Regional Centers for Children and Youth with Special Health Care Needs
